IDENTIFIERS	Louisiana High School Conservation Curriculum

AESTRACT

This publication was prepared to accompany the revised "Wildlife and Fish Section" of "A Guide for Teaching Conservation Education in the Schools of Louisiana." Its purpose is to provide teachers with information about possible sources of teaching materials that can be obtained free or with only a small expenditure of funds. Each item listed is annotated with the purpose of providing teachers with information on which to base judgments as to what will best serve their purposes. Pamphlets, posters, charts, maps, and publications in series are among the items annotated. There is a source index which includes the address of each source. This work was prepared under an ESEA Title III Contract. (BR)

BATON ROUGE 4

To the Teachers and School Officials of Louisiana

Greetings:

If one accepts the modern school as an effective institution for the attainment of improved living, then a consideration of the conservation of natural resources as one phase of the school program is no longer debatable. The importance of the problems connected with the wise use of natural resources and their broad implications for the welfare of our people leave the school no alternative.

Our place as a nation has been established because our people have had the energy and skill to develop and use our abundant supply of natural resources. So abundant were these resources when first discovered that they were looked upon as being limitless and inexhaustible. The face of this nation has been changed through the years by those who have thoughtlessly wasted wildlife of all sorts, large areas of fertile land, and vital water supplies. In the past, industry has been draining our valuable mineral resources and changing the ecology of our streams and forests. The carelessness of past generations is now apparent; the lack of prescience resulted in the destruction of our lavishly plentiful natural resources. Our resources will last only if we accept the obligations of our stewardship. We should use rationally, build up, and distribute equitably in terms of public benefit, what we call the natural resources of the country. This is conservation.

Sincerely yours,

William J. Dodd
State Superintendent

FOREWORD

This publication has been prepared to accompany the revised Wildlife and Fish Section of A Guide for Teaching Conservation in the Schools of Louisiana. Its purpose is to provide teachers with information about possible sources of teaching materials that can be obtained free or with only a small expenditure of funds.

Not only is this bulletin a bibliography of materials appropriate for teaching wildlife and fish conservation, but it is also a volume of evaluations. Each item listed herein has been annotated to the end that teachers need not order these materials for inspection. The annotations provide teachers information on which to base judgments as to what will best serve their purposes. Thus, they are able to save much time and effort.

The preparation of this annotated bibliography represents a tremendous investment of time and effort by those who have produced it. If dividends are to be collected on this investment, they must be claimed by the teachers who use it to help improve the teaching of conservation in the schools. It is earnestly hoped that the children in Louisiana's schools will be the ultimate beneficiaries.

Similar lists of materials have been or will be prepared to accompany the other three Guides that have been or will be revised as rapidly as possible. Both Guides and bibliographies will be combined eventually, with supplements to the latter being issued annually.

Miss Bonnie Mae Smith and Mrs. Genevieve Cousins, Coordinators of Elementary and High School Conservation Education, respectively, are to be commended for their labors in the preparation of this bulletin. The assistance they received from the numerous sources--individuals, agencies, organizations, and businesses--is gratefully acknowledged by the Conservation Section of the North Louisiana Supplementary Education Center.

Howard P. McCollum, Director

PAMPHLETS, POSTERS, CHARTS, MAPS, ETC.

1. ABOUT LOUISIANA BOATING. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
12pp. Illustrated booklet. Grades 6-12. Free.
Boating safety and laws pertaining to boating in Louisiana are discussed.

2. ALLIGATOR GAR, THE. Victor W. Lambou, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
Discussed here are the food habits and life history of the alligator gar and why he is beneficial to us when he is living in brackish water.

3. ALLIGATOR IN THE MARSH. Richard K. Yancey, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
This booklet tells about hunting and trapping alligators and gives general information regarding growth and size.

4. ARMADILLO...THE ORIGINAL WETBACK. Gwen Kirtley Perkins, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
6pp. Fold-out brochure. Grades 6-12. Free.
Migration history, eating habits, and general living traits of this hard-shelled "wet-back" are given in this interesting brochure.

5. ASK ME ANOTHER! National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036.
8pp. Fold-out pamphlet. Grades 8-12. Free.
Defined is the National Wildlife Federation, giving a brief history of the Federation and answering questions relative to its functions.

6. ATCHAFALAYA BASIN CRISIS. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 17, Louisiana 70130. 1963.
12pp. Illustrated booklet. Grades 6-12. Free.
This is a detailed report of a startling situation involving 1300 square miles of unique, irreplaceable wildlife habitat in Louisiana that is in jeopardy--and why this is so.

7. ATLANTIC FLYWAY. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402.
1p. Map. Grades 8-12. Free.
<u>The Atlantic Flyway</u> depicts the migration route of birds along the Atlantic Coast.

8. ATTRACTING BIRDS. Excerpts from Conservation Bulletin No. 1, U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C.
2pp. Illustrated sheet. Grades 6-12. Free.
Presented here is a listing of the nongame birds, the kinds of foods they accept, information on drinking and bathing places, and also illustrated protective measures and feeding stands.

9. AUDUBON NATURE BULLETINS AND NATURE CENTERS. National Audubon Society, 1130 Fifth Avenue, New York, New York 10028.
Fold-out brochure. For teachers and youth leaders. First copy free.
A special offer is given to teachers for individual or completed sets of comprehensive bulletins which are written by authorities in various fields of natural history. The entire set contains seventy. Individual sets may be ordered; handy order coupon is attached.

10. BACKYARD FISH BAIT. Information and Education Division, Florida Game and Fresh Water Fish Commission, Tallahassee, Florida.
4pp. Illustrated fold-out brochure. Grades 8-12. Free.
Directions are given for raising minnows, worms, and crickets on a small scale in the backyard.

11. BARN OWL, THE...WHAT'S ON HIS GROCERY LIST? Leslie L. Glasgow, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
Given here are the food habits of the barn owl and the ways this bird is beneficial to farmers and others.

12. BASIC FISHING KNOTS. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
3pp. Illustrated brochure. Grades 8-12. Free.
Pointers, along with clear illustrations, are given for the three types of fishing knots. A unique brochure for the dedicated fisherman!

13. BEAVER IN LOUISIANA. Kenneth C. Smith, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1964.
10pp. Illustrated booklet. Grades 6-12. Free.
This booklet presents in summary form the results of a recent investigation and offers to the reader basic information on the life history and physical characteristics of the beaver.

14. BETTER DUCK HABITAT. Robert Chadbreck, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
10pp. Illustrated booklet. Grades 6-12. Free.
Using Rockefeller Refuge as an example, this booklet gives a detailed description of the management systems which have proved successful in improving habitat for waterfowl in Louisiana.

15. BIRDS AND THEIR FEED, THE. Hannah M. Yates, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
Whether it's the Loggerhead Shrike or the Ruby Throated Hummingbird, by reading this booklet one can learn to attract birds to a garden or yard by learning the mastery of keeping birds content and feeling secure in the environment afforded them.

16. BIRDS, FLOWERS AND TREES OF OUR UNITED STATES. National Wildlife Federation, 1412 16th Street, Washington 6, D. C. 20036.
4pp. Illustrated brochure. Grades 5-12. Free.
The flower, bird, and tree which represent each of the states of our United States are given here.

17. BIRDS SEEN MOST COMMONLY IN GEORGIA. U. S. Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife, Atlanta 25, Georgia. 1957.
9pp. Mimeographed sheets. Grades 8-12. Free.
Listed here are birds observed most commonly in Georgia with information on their abundance, season of occurrence, breeding habits, and preferred habitats.

18. BLACK BEAR IN LOUISIANA. Joe L. Herring, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
The Black Bear is found in two areas of Louisiana--Madison, East Carroll, and West Carroll Parishes, and in the lower Atchafalaya River. This booklet gives a detailed description of the Black Bear and his habitat.

19. BLUEGILL, THE. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 6-12. Free.
A description of the life habits, distribution, economic value, and management of the bluegill is presented in this eight page booklet.

20. BOATERS...SPRUCE UP FOR SPRING. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Booklet. Grades 6-12. Free.
Boat law requirements are discussed and a suggested checklist of equipment to have on board your boat is also given.

21. BOB-WHITE PROTECTION. Robert Murry, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
Discusses management of the Bob-White Quail in our state.

22. BOUNDARY WATERS CANOE AREA, THE...OF THE SUPERIOR NATIONAL FOREST IN NORTHEASTERN MINNESOTA. Izaak Walton League of America, 1326 Waukegan Road, Glenview, Illinois 60025.
5pp. Illustrated fold-out brochure. Grades 8-12. Free.
This brochure presents the issues involved, the values at stake, the nature of the threats, and the steps the individual must take to protect the Boundary Waters Canoe Area--the only designated wilderness area left in America between the Appalachians and the Rockies.

23. BOWHUNTING. Grits Gresham. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
12pp. Illustrated booklet. Grades 6-12. Free.
The effectiveness, types of equipment used, techniques, and pointers are given for this popular and growing sport--bowhunting.

24. BROWN PELICAN, THE...THE OFFICIAL BIRD OF LOUISIANA. Hannah Yates, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1966. 4pp. Booklet. Grades 6-12. Free.
Because the brown pelican is the official bird of Louisiana--found on our flag and seal--this booklet would prove useful in any classroom. A description is given of the pelican's life habits, size, habitat, and why some become domesticated.

25. CAMPING IN LOUISIANA. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
Main camping areas in the state are pointed out, along with the preparations necessary to undertake a camping trip. It describes needed equipment, etc., and points out the best way to plan a camping trip.

26. CAREERS...COMMERCIAL FISHING IN LOUISIANA. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
20pp. Illustrated booklet. High school and college level. Free.
Opportunities are pointed out which may interest high school and college students in the field of natural resources. Persons whose interest and abilities lie in this vocation will find this booklet extremely useful.

27. CAREERS IN WILDLIFE CONSERVATION AND MANAGEMENT. Wildlife Management Institute, 709 Wire Building, Washington, D. C. 20005.
8pp. Illustrated fold-out brochure. Grades 8-12. Free.
Questions are answered that are frequently asked by individuals interested in entering wildlife management as a career.

28. CATFISH BY THE ACRE. McFadden Duffy. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1966.
16pp. Illustrated booklet. Grades 6-12. Free.
Catfish by the Acre describes the extensive catfish operations in

the state; it tells about the tremendous national demand for catfish and the efforts Louisiana is making toward meeting those demands.

29. CENTRAL FLYWAY. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402.
1p. Map. Free.
The migration route of birds along the central flyway is depicted here.

30. CHANNEL CATFISH FARMING IN LOUISIANA. James T. Davis and Janice S. Hughes. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
29pp. Illustrated booklet. Grades 6-12. Free.
Described here are the basic facts and principles necessary to start a catfish operation--it provides guides to follow for even the experienced catfish grower. Shows similarities between catfish farming and the other types of farming.

31. CHECKLIST OF THE FRESHWATER FISHES OF LOUISIANA. Neil H. Douglas and James T. Davis, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana.
29pp. Illustrated booklet. Grades 6-12. Free.
A survey of freshwater fish in Louisiana is presented; it is a listing of all fishes known by the author to inhabit Louisiana fresh waters. Contains pictures, common names, and scientific names of the 141 species of fish.

32. CHEMICAL PESTICIDES, A NATIONAL PROBLEM. Clarence Cottam, National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036. 9pp. Illustrated booklet. Grades 9-12. Free.
Discusses the hazards of chemical pesticides to man and his resources, the promiscuous dumping of pollutants into water, and the intrusion of atomic wastes into the air.

33. CHENIERS, THE. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
12pp. Illustrated booklet. Grades 6-12. Free.
The "cheniers" are the long, narrow ridges which run parallel to the Louisiana coast. This publication tells about the soil of this region and the people who live on these "cheniers".

34. CHOKE TALK. Wallace Labisky, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962. 7pp. Free.
This booklet explains what is meant by "choke", its purposes, and influences on pattern diameter. This is information that the smart shot-gunner should know.

35. COASTAL MARSHES, THE. Larry H. Ogren, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.

Presented here is a description of the condition of the waters along the Louisiana Coast that produce both salt and fresh water fish. Points out the movements of the fish in these waters to determine the best way to catch the fish.

36. COMMON BIRDS OF LOUISIANA. S. Elizabeth Hewes. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
61pp. Illustrated booklet. Grades 4-12. Cost: 25¢.
The booklet discusses the topics: "How to Know Birds", "Economic Importance of Birds", "How Birds Are Named", "Bird Attraction", "Bird Houses", "Migration", "Bird Banding", and "Plumage", and then gives a picture and a discussion on each of 44 birds of Louisiana.

37. CONSERVATION EDUCATION. National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036.
Illustrated fold-out brochure. For teachers. Free.
A description and price of stationery, note cards, gifts, wildlife conservation stamps, cards, albums, books, records, games, and many other items are listed.

38. CONSERVATION IS SCRIPTURAL. Gwen Perkins, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Booklet. Grades 6-12. Free.
Conservation is described from the beginning of time, and on through the scriptures. The advent of conservation took place as early as in the Garden of Eden, and has continued on to the present.

39. CONSERVATION PUBLICATIONS. Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. 1967.
Illustrated fold-out brochure. For teachers. Free.
A mail-order form and listing of publications and their descriptions are contained in this brochure.

40. COOK-OUT. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
16pp. Illustrated booklet. Grades 6-12. Free.
Describes crawfishing, crabbing, shrimping, fishing, etc. and points out that these are forms of recreation in Louisiana, pointing out the best places to go to find each. Recipes are also included.

41. COORDINATED CONTROL. The National Mosquito Control, Fish and Wildlife Management Coordination Committee, Washington, D. C. 20402.
Fold-out brochure. Grades 8-12. Free.
The objectives of the National Mosquito Control Fish and Wildlife Coordination Committee are listed; also given are ways to achieve coordinated control, and stresses the need for research in wildlife and mosquito control programs.

42. CRABBING...AND CRABS. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
8pp. Illustrated booklet. Grades 7-12. Free.
Methods of catching crabs--the different kinds of crabs in Louisiana, their characteristics, breeding places, growth and development--are contained in this publication.

43. CRAPPIE, THE. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1964.
8pp. Illustrated booklet. Grades 6-12. Free.
The white perch is described in detail--its habits, habitat, breeding places, and ways to catch it. Also includes the regulations regarding size of catch, etc., set forth by the Wild Life and Fisheries Commission.

44. CRAWFISH FARMING. Cecil LaCaze, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
25pp. Booklet. Free.
This is a detailed article about the history, biology and farming of crawfish in artificial impoundments, a relatively new activity.

45. DELICACIES FROM LOUISIANA WATERS. Louisiana Wild Life and Fisheries Commission, 400 Royal Street, New Orleans 16, Louisiana 70130.
10pp. Illustrated booklet. Grades 8-12. Free.
This colorful booklet describes some methods of preparation of various seafoods.

46. DODO, THE. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 8-12. Free.
This publication discusses some of the thirty-three wildlife species which have been wiped from the face of the earth.

47. DO-IT-YOURSELF--WITH STONE. Louisiana Wild Life and Fisheries Commission, Information and Education Division, Capitol Station, Baton Rouge, Louisiana 70800.
5pp. Mimeographed sheets. High school level and over. Free.
Many do-it-yourself projects are suggested including barbecue pits, patios, and other ideas in home decorating.

48. DOLPHINS AND PORPOISES. Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. 1965.
8pp. Illustrated circular. Grades 6-12. Cost: 5¢.
Discussed in this interesting circular are the dolphins and porpoises--warm-blooded, aquatic mammals, bearing their young alive and nursing them on milk as do other mammals.

49. DON'T MAKE THESE COMMON DOG BONERS. Louisiana Wild Life and Fisheries Commission, Information and Education Division, Capitol Station, Baton Rouge, Louisiana 70800.

5pp. Mimeographed sheets. Grades 8-12. Free.
Your dog may be your friend, but are you his? Read this booklet to test yourself.

50. ESTUARIES--AMERICA'S MOST VULNERABLE FRONTIERS. Will Johns. National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036. 1965. 16pp. Illustrated booklet. Grades 8-12. Cost: 10¢.
Gives information about the estuaries of the American coastline, their value, and the need for conserving them.

51. EXOTIC GAME BIRDS IN LOUISIANA. Jack A. Sims, Wildlife and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana. 1964. 4pp. Illustrated leaflet. Free.
Louisiana has hundreds-of-thousands of acres of bottom lands where resident game birds do not exist. The Louisiana Wild Life and Fisheries Commission secured certain exotic (introduced from another country) game birds for trial liberations in Louisiana. It will be many years before it will be known which, if any, of these birds have become established in Louisiana.

52. FACTS ABOUT DOVES IN FLORIDA. Information and Education Division, Florida Game and Fresh Water Fish Commission, Tallahassee, Florida 32301. 4pp. Illustrated fold-out brochure. Grades 8-12. Free.
Illustrates the mourning dove and the ground dove, describes their nesting habits, their migratory habits, and other relative information.

53. FACTS ABOUT FLORIDA BASS. Information and Education Division, Florida Game and Fresh Water Fish Commission, Tallahassee, Florida 32301. 4pp. Illustrated fold-out brochure. Grades 8-12. Free.
Describes the black bass, the largest freshwater game fish in Florida, and gives information about tackle, bait and limit.

54. FACTS ABOUT FLORIDA DEER. Game Management Division, Florida Game and Fresh Water Fish Commission, Tallahassee, Florida 32301. 4pp. Illustrated fold-out brochure. Grades 8-12. Free.
Florida deer, the white-tailed deer--found throughout North America--are discussed with reference to habitat, food, and reproduction.

55. FACTS ABOUT FLORIDA QUAIL. Jim Floyd. Information and Education Division, Florida Game and Fresh Water Fish Commission, Tallahassee, Florida 32301. 4pp. Illustrated brochure. Grades 8-12. Free.
Gives the characteristics of the two sub-species of quail in Florida, defines a covey, illustrates the nesting habits of quail, and other relative information.

56. FACTS ABOUT FLORIDA RABBITS. Florida Game and Fresh Water Fish Commission, Game Management Division, Tallahassee, Florida 32301. 4pp. Illustrated fold-out brochure. Grades 8-12. Free.
Discusses the three species of rabbits in Florida--characteristics, habitat, and diseases.

57. FACTS ABOUT FLORIDA WILD TURKEY. Florida Game and Fresh Water Commission, Game Management Division, Tallahassee, Florida 32301.
6pp. Illustrated fold-out brochure. Grades 8-12. Free.
The characteristics, nesting habits, and range of the wild turkey are discussed.

58. FARMER AND WILDLIFE, THE. Durward L. Allen, Wildlife Management Institute, 709 Wire Building, Washington, D. C. 20036. 1962.
84pp. Illustrated booklet. Grades 9-12. Free.
A guide to sound wildlife management is written for those interested in more abundant wildlife. A concise treatise on proper land use.

59. FEDERAL COMMITTEE ON PEST CONTROL...WHAT IT IS AND WHAT IT DOES. U. S. Department of the Interior, U. S. Government Printing Office, Washington, D. C. 20402. 1967.
17pp. Booklet. Grades 9-12. Free.
The activities of the Federal Committee on Pest Control are discussed--its cooperation with local and state authorities, and its contribution through research.

60. FILMS FOR SPORTSMEN. National Shooting Sports Federation, 1075 Post Road, Riverside, Connecticut 06878.
Fold-out brochure. High school grades and over. Free.
This is a listing of outstanding motion pictures produced for use by sportsmen's organizations.

61. FISH AND WILDLIFE. Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. 20402. 1960.
14pp. Booklet. For teachers. Free.
Price list of books and pamphlets issued by the Superintendent of Documents. Each is described and order blanks are included.

62. FISH AND WILDLIFE PROGRAMS, 1967. U. S. Department of the Interior, Bureau of Sport Fisheries and Wildlife, Washington, D. C. 20402.
29pp. Illustrated booklet. Grades 8-12. Free.
Discusses National Wildlife refuges, fish hatcheries, management and enforcement, river basin studies, and wetlands.

63. FISH MIGRATION. David Gunston, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
4pp. Booklet. Grades 5-12. Free.
Describes fish migrations from salt to fresh water, fresh water to salt water, and movements in both.

64. FISH STOCKING, IS THAT THE ANSWER? Harry E. Schafer, Jr., Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800. 7pp. Illustrated booklet. Grades 6-8. Free.
Stocking alone will not bring an increase in fish harvest but it is one of the many tools in fish managment that this booklet describes.

65. FISH STORY FOR YOUNGSTERS, A. U. S. Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife, Washington, D. C. 20402. 1966.
14pp. Illustrated booklet. Grades 2-5. Free.
Illustrates the life of bass from the clearing out of a nest for reproduction to the time when the fry leave the nest.

66. FISH, WILDLIFE AND PESTICIDES. Superintendent of Documents, U. S. Government Printing Office, Washington D. C. 20402. 1966.
12pp. Illustrated booklet. Grades 9-12. Cost: 10¢.
Information is given about chemical pesticides--their application, who they kill or injure, and ways of lessening the adverse effects of pesticides found through research.

67. FISHERMAN LOOKS AT RESERVOIRS, A. Charles E. Most. U. S. Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife 20402. 1965.
A conversation between two fishermen is used to reveal the complex chemical, physical, and biological relationships that make up a reservoir and how these interact to produce good fishing.

68. FLORIDA ANIMAL TRACKS. Florida Game and Fresh Water Fish Commission, Tallahassee, Florida 32301. 1967.
6pp. Illustrated fold-out pamphlet. Grades 4-12. Free.
Illustrates the characteristic tracks of several animals.

69. FLORIDA SQUIRRELS. Florida Game and Fresh Water Fish Commission, Information and Education Division, Tallahassee, Florida 32301.
6pp. Illustrated brochure. Grades 8-12. Free.
Discusses the three species of squirrels that are found in Florida, and gives descriptive information about each.

70. FOOD FOR WILDLIFE. Robert Murry, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
8pp. Illustrated booklet. Grades 7-12. Free.
Man has long been interested in the feeding habits of wildlife. This booklet discusses the dove, quail, woodcock, squirrel and deer.

71. FOR THE BEAUTY OF AMERICA. Will T. Johns, National Wildlife Federation, 1412 16th Street, Washington, D. C. 20036. 1959.
6pp. Illustrated booklet. Grades 8-12. Cost: 10¢.
Suggests how the individual can help conserve America's natural resources--soils, waters, forests, and wildlife.

72. FOREST GAME MANAGMENT. John L. Haygood, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800. 1963. 3pp. Mimeographed sheets. Grades 8-12. Free.
Louisiana now has 16,038,000 acres in forest and every forest acre has potential as a wildlife producer. What that potential is and how it can be achieved are explained.

73. FOX AND GREY SQUIRRELS OF LOUISIANA, THE. Joseph B. Kidd, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962. 11pp. Illustrated booklet. Grades 8-12. Free.
With three geographic races of fox squirrels and two grey, this state probably has more different kinds of squirrels than any other state. The different types, habits, and life history are given.

74. FRESHWATER COMMERCIAL FISHING IN LOUISIANA. Lloyd Posey, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962. 8pp. Illustrated booklet. Grades 7-12. Free.
Methods of freshwater commercial fishing in Louisiana, tackle used, and economic values are discussed.

75. FROGS AND TOADS OF LOUISIANA. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
7pp. Booklet. Grades 6-12. Free.
A description of the kinds of frogs and toads found in Louisiana and a discussion of the habits of these amphibians are the main topics reviewed in this booklet.

76. GEORGIA PACIFIC WILDLIFE MANAGEMENT AREA. Cliff Williams, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70804. 4pp. Illustrated leaflet. Free.
Owned chiefly by the Georgia Pacific Paper Corporation, this 42,000 acre tract of timberland was the last refuge under the control of the Commission to be converted to wildlife management area. It is located in Morehouse Parish.

77. GLORY TRAIL, THE. Ernest Swift, National Wildlife Federation, 1412 16th Street, N. W., Washington, D. C. 20036. 1958.
The great American migration and its impact on natural resources are contained in "The Glory Trail". Motivations, actions, and events within the history of the U. S. which helped develop our resource and conservation history are given.

78. GROWTH AND DEVELOPMENT OF ANTLERS. Louis E. Brunett, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800. 2pp. Mimeographed sheet. Grades 8-12. Free.
This sheet, printed on back and front, shows why proper deer management is to maintain the deer herd within the carrying capacity of its range. A very interesting article on the different types of antlers and how they grow is presented here.

79. HARMLESS SNAKES OF LOUISIANA. Percy Viosca, JR., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1966.
8pp. Illustrated booklet. Grades 6-12. Free.
This bulletin lists the thirty species of harmless snakes found in Louisiana. Description of the snake and its habitat, its locale, common name, and scientific name are some of the additional items discussed.

80. HISTORY OF THE MISSISSIPPI. Robert W. McGowan, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
5pp. Fold-out brochure. High school level. Free.
Describes the origin of the Mississippi River and its valley. Tells about the formation of the land surface, the origin of streams and rivers, the plant life and forests that came into existence, and the animals that lived during this period.

81. HOMES FOR BIRDS. Excerpts from Conservation Bulletin No. 14. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402. 2pp. Illustrated leaflet. Grades 8-12. Free.
Illustrates various types of nest boxes and their construction.

82. HOW DOES A FISH SWIM? David Gunston, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
4pp. Brochure. Grades 6-8. Free.
The miracle of locomotion is described in this bulletin which tells of the three methods by which fish swim.

83. HOW TO BUILD A CRAB POT IN 15 EASY STEPS. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
4pp. Illustrated brochure. High school grades and over. Free.
The "Crab Pot" is the latest ingenious device for catching crabs; construction is very simple and the materials are relatively inexpensive. There are 15 steps given with a complete illustration for each step.

84. HOW TO BUILD A SQUIRREL DEN BOX. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
4pp. Fold-out brochure. High school level. Free.
Complete instructions, with an easy-to-follow illustration, are given for the assembling of a ten inch square squirrel den-box.

85. HOW TO CONTROL WEEDS IN YOUR FISH POND. Alex B. Montgomery, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. High school level. Free.
This booklet gives common aquatic weeds, methods of control and a chart for chemical control of specific plant types.

86. HOW TO DROWNPROOF YOURSELF. Professor Fred R. Lanoue, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
4pp. Illustrated booklet. Junior and Senior high school level.
Drowning ranks second only to traffic deaths as a single cause of accidental deaths. A technique has been developed at Georgia Tech whereby anyone can be "drownproofed" for extended periods of time. Excellent reading.

87. HOW TO FIELD DRESS YOUR DEER. Steve Harmon and Eleanor Fairman, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962. 4pp. Illustrated booklet. High school level. Free.
An illustrated, step-by-step process of dressing a deer after he has been shot and killed.

88. HOW TO HUNT DEER. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. High school level and over. Free.
Because deer hunting is one of Louisiana's leading outdoor sports, and will be for years to come, there are certain tips that will ease the path for both experienced and inexperienced hunters. Facts about hunting deer with dogs, still hunting, types of gun and gear to use, and the appropriate clothes to wear, are all given to insure a most successful hunt.

89. HOW WELL CAN FISH SEE? David Gunston, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
4pp. Illustrated brochure. Grades 6-12. Free.
The brochure describes physical characteristics of the eye of the fish. Also tells about the different types of fish eyes, depending upon the kind of fish. Points out that fish are equipped with complicated, but not inefficient eye systems.

90. IN THE LOUISIANA CANEBRAKES. Theodore Roosevelt, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
11pp. Booklet. High school level. Free.
A detailed description is given of the two-week trip made by Teddy Roosevelt in the canebrakes of northern Louisiana in 1906.

91. IS THE SEA INEXHAUSTIBLE? Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
7pp. Booklet. Grades 6-12. Free.
Products that may be grown or received from the sea are described and questions answered in regard to man upsetting the balance of nature.

92. KINGFISH...BLONDE AND BRUNETTE. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
7pp. Booklet. High school level. Free.
A detailed description of the different species of kingfish. Tells how they live and where they can be found.

93. KNOW YOUR DUCKS. Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana.
Fold-out illustrated sheet. Grades 6-12 and adults. Free.
This is a field guide for hunters. Learning how to recognize

different kinds of ducks in flight pays dividends in extra hunting opportunity. This guide shows some of the birds which are hunted under Federal regulations.

94. KNOW YOUR HAWKS...THEY ARE AMONG OUR MOST USEFUL BIRDS. Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800.
2pp. Illustrated chart. Grades 6-12. Free.
This chart describes with pictures, front and back, the different types of hawks and what they eat. Tells the value of hawks of the farmer in controlling pests.

95. LARGEMOUTH BASS...FROM FRY TO FRYING PAN. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
4pp. Illustrated booklet. Grades 6-8. Free.
Tells how the male bass takes on the qualities of a mother as he constructs a nest for the young. After they are hatched he closely guards them for several weeks.

96. LARGEMOUTH BASS...A PRINCE OF A FISH EVERY MONTH OF THE YEAR. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 8pp. Illustrated booklet. Grades 5-8. Free.
The description of a fish that can be found in almost every freshwater lake and stream in Louisiana is given. Gresham also enumerates nine management measures for the bass.

97. LET'S GO FISHING IN FLORIDA. Florida Game and Fresh Water Fish Commission, South Gadsden Street, Tallahassee, Florida 32301.
43pp. Illustrated booklet. Grades 6-12. Free.
Described here is Louisiana as a paradise for the study and observance of bird life.

98. LOUISIANA...BIRD WATCHER'S PARADISE. Hannah M. Yates, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
Described here is Louisiana as a paradise for the study and observance of bird life.

99. LOUISIANA HUNTING, FISHING AND TRAPPING REGULATIONS, 1967-68. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
10pp. Fold-out brochure. Junior high, high school, and adult levels. Free.
Published annually by the Louisiana Wild Life and Fisheries Commission. This folder gives up-to-date regulations on the sports listed in the title of the brochure.

100. LOUISIANA NUTRIA STORY. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
16pp. Illustrated booklet. Grades 6-12. Free.

In this publication, the bringing of the nutria to Louisiana, a description of the animal, its importance in the fur-bearing industry, and the agricultural damages it inflicts are discussed.

101. LOUISIANA OYSTER STORY, THE. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
12pp. Illustrated booklet. Grades 6-12. Free.
A brief account in given of the oyster--its place in history, characteristics, reproduction, food qualities, cultivation, enemies, and production status.

102. LOUISIANA RABBIT HUNTING...IMPROVEMENT THROUGH MANAGEMENT. Jack O. Collins, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 7pp. Illustrated booklet. Grades 7-12. Free.
Management of rabbits and hunting them for recreation and sport should be of great concern to Louisiana rabbit lovers. This booklet shows how management will better the range for rabbits, thus, hunting will be improved.

103. LOUISIANA SHRIMP STORY, THE. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
16pp. Illustrated booklet. Grades 6-12. Free.
A discussion of the free-spawning sea shrimp and the egg-bearing shrimp and how to distinguish the edible shrimp is the information contained in <u>The Louisiana Shrimp Story</u>.

104. LOUISIANA'S STREAM CONTROL COMMISSION. Stan Fitzner, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 8-12. Free.
Sixth in a series of articles sponsored by Central Louisiana Electric Company, this booklet deals with aspects of the forest potential of 13 Western Louisiana Parishes. Reasons that have made the Louisiana Stream Control Commission so distinctive in upgrading the quality of the state's water are discussed. They took the word "effluent" off industry's black list by applying horse sense and science to the disposal problem.

105. LOUISIANA WILD LIFE AND FISHERIES COMMISSION. Information and Education Division, Wild Life and Fisheries Commission, Capitol Station Baton Rouge, Louisiana 70800. 1966.
1p. Sheet. Grades 8-12. Free.
Lists the district offices and parishes of the Louisiana Wild Life and Fisheries Commission.

106. LOUISIANA WILD LIFE AND FISHERIES COMMISSION ENFORCEMENT DIVISION. Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana. 1967. 20pp. Booklet. Free.
This booklet is in two parts. Part I is a manual for wildlife agents. Its purpose is to furnish definite instructions and rules in bringing about the enforcement of the laws pertaining to wildlife

and fish in Louisiana. Part II is instructions to state agents on boarding vessels.

107. LOUISIANA WILD LIFE AND FISHERIES COMMISSION FILM LENDING LIBRARY CATALOG. Louisiana Wild Life and Fisheries Commission, Film Library, Education and Publicity Division, Capitol Station, Baton Rouge, Louisiana 70800. 1968. 22pp. Booklet. Grades 8-12. Free.
List of films available from the Education and Publicity Division of the Louisiana Wild Life and Fisheries Commission.

108. MANAGING DEER HERDS. Louis Brunett, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 8-12. Free.
Proper management of deer must be aimed at producing certain benefits--all discussed in these pages.

109. MANAGING LOUISIANA FISH PONDS. Max W. Summers, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
64pp. Illustrated booklet. High school level and over. Free.
This interesting booklet was written to stimulate interest and promote the proper concepts of fish pond management. It will also serve as a reference guide for all those interested in having a well-managed, successful fish pond.

110. MARSH ISLAND REFUGE. Richard Yancey, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 8-12. Free.
A vast 82,000 acre wildlife refuge called "Marsh Island" is one of the most important wildlife areas on the North American continent. Read this interesting booklet to see why Marsh Island is a good example of what man can do to improve on nature for the benefit of wildlife.

111. MARSHES AND MEN. W. McFadden Duffy, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
16pp. Illustrated booklet. Grades 8-12. Free.
Rockefeller Refuge is described as both sanctuary and stronghold in man's struggle to preserve and perpetuate land and resources.

112. MERITS OF STILL HUNTING, THE. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 8-12. Free.
Points are given to show why "still hunting" is more effective than hunting with dogs. Excellent reading, especially for those interested in hunting deer.

113. MORE ABOUT CRAWFISH. Cecil LaCaze, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1966.
16pp. Illustrated booklet. Grades 8-12. Free.
The harvesting and disposition, the life histories, and the habits of some species of crawfish are discussed.

114. MORE WILDLIFE CONSERVATION...THROUGH SOIL AND WATER. Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. 1961
15pp. Illustrated booklet. Grades 8-12. Cost: 15¢ each.
Illustrates how farmers and ranchers are the key to abundant wildlife. Only farmers and ranchers can make effective decisions regarding wildlife production on their land.

115. MOURNING DOVE IN LOUISIANA. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
12pp. Illustrated booklet. Grades 6-12. Free.
The life history, habitat, management and hunting seasons for the dove are given, and why hunting is such a popular sport.

116. NATCHITOCHES NATIONAL FISH HATCHERY. U. S. Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife, Washington, D. C. 20402.
6pp. Illustrated fold-out brochure. Grades 8-12. Free.
This hatchery, put into operation to meet the demands of stocking farm fish ponds, operates 37 ponds and raises four species of fish.

117. NATIONAL FISHERIES CENTER AND AQUARIUM. U. S. Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife, Washington, D. C. 20402. 1963.
4pp. Illustrated booklet. Grades 8-12. Free.
Previews the National Fisheries Center and Aquarium in Washington, D. C.--which will house about 1,300 different kinds of aquatic animals, with exhibits and research projects.

118. NATIONAL WILDLIFE. National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036.
4pp. Illustrated sheets. Grades 8-12. Free.
Advertisements for the Associate Membership program for National Wildlife Magazine.

119. NATIONAL WILDLIFE CONSERVATION STAMPS. National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036. 1965.
Illustrated fold-out sheet. Cost; $1.00
Support conservation programs by purchasing Wildlife Conservation Stamps! Given here are 36 colorful conservation stamps on a perforated sheet.

120. NATIONAL WILDLIFE FEDERATION. National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036. 1967.
2pp. Illustrated sheet, Grades 4-12. Free.

Lists the new series of full color wildlife conservation stamps and many other items which may be purchased. Price list and order blank included.

121. NATURE CENTERS AND OUTDOOR CONSERVATION EDUCATION BULLETINS. National Audubon Society, 1130 Fifth Avenue, New York, New York 10028.
Fold-out brochure. For teachers. Free.
A listing is given of bulletins and their prices; also included is a handy mail-order form.

122. NATURE'S FOURFLUSHERS. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
4pp. Illustrated pamphlet. Grades 7-12. Free.
Excursions into the out-of-doors may prove to be quite jittery if you do not know the difference between harmless and harmful reptiles. "Nature's Fourflushers" will definitely clear up your questions.

123. NEW ENGLAND'S COMMERCIAL FISHERIES. U. S. Department of the Interior, Fish and Wildlife Services, Washington, D. C. 20402.
8pp. Illustrated booklet. Grades 8-12. Free.
The New England fisheries are America's first commercial enterprise. This booklet discusses the important place these fisheries hold in the New England economy.

124. NEXT HUNDRED YEARS. Ernest Swift, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800.
4pp. Mimeographed sheets. Grades 8-12. Free.
Consideration of the next 100 years would make some people admit the future is a hopeless picture. However, we can--the author tells us--overcome our wastefulness common in the past.

125. NUTRIA FOR HOME USE. Leslie L. Galsgow and Lavon A. McCollough, Louisiana Wild Life and Fisheries Commission, 400 Royal Street, Wild Life and Fisheries Building, New Orleans, Louisiana 1963.
19pp. Free.
Because of the larger number of nutria and their potential value as human food, an experimental cooking program was initiated to determine: (1) suitabiltiy, (2) proper methods of cooking, and (3) acceptance by humans. Results show that flavor, tenderness, texture, and appearance received a consistently high rating.

126. OAK MAST BOON TO WILDLIFE. Jack O. Collins, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
12pp. Illustrated booklet. Grades 6-12. Free.
A description of the acorn is given and also the eating habits of certain animals with regard to the acorn.

127. OCEANOGRAPHY--SCIENCE OF THE SEAS. Dr. Harry J. Bennett, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800.

13pp. Mimeographed sheets. High school level. Free.
Many things must be learned if we are to solve the acute problem of providing food for the growing number of people in the world. Oceanographers have quite a few solutions and these are discussed here in this very interesting article.

128. OLD BALDY. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
4pp. Illustrated booklet. For grades 8-12. Free.
"Old Baldy" describes the North American eagle who is so scarce now, and tells how one has made a Houma oil rig its home.

129. OYSTER PRODUCTION. Lyle S. St. Amant, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800. 1964. 11pp. Illustrated booklet. Grades 8-12. Free.
Why is Louisiana "Number 1" in the nation in oyster production? Contained in these 11 pages are a number of interesting facts about oyster production, especially in Louisiana.

130. PACIFIC FLYWAY. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402.
1p. Map. Grades 8-12. Free.
This one page map depicts the migration of birds along the Pacific flyway.

131. PIROGUE, THE. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800.
12pp. Illustrated booklet. Grades 6-12. Free.
The pirogue was to early Louisiana what the covered wagon was to the West. Because it is still ideal for portage, it remains quite popular. The history of the pirogue and a description for construction are contained here.

132. PLANES VERSUS POLLUTION. Thomas Gilbert, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana
1pp. Illustrated leaflet. Free.
In order to meet the challenge brought about by pollution and pollution hazards, resulting from drilling production and transportation of oil, the Louisiana Wild Life and Fisheries Commission, through its Water Pollution Control Division, Coastal Waste Control Section, and the Aviation Section has initiated a program of systematic aerial surveys. Cooperation has been exceptionally good.

133. POISONOUS SNAKES OF LOUISIANA. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
A description of these "living nightmares", poisonous snakes, is the subject of this informative bulletin.

134. PUBLICATIONS LIST. National Audubon Society, 1130 Fifth Avenue, New York, New York 10028.
10pp. Illustrated fold-out brochure. For teachers and Audubon clubs. Free.

All types of Audubon literature and nature bulletins are given in this list, along with a description of each and prices. Order form is attached.

135. QUAIL AND PHEASANT PROPOGATION. Dennis Hart and T. R. Mitchell, Wildlife Management Institute, 709 Wire Building, Washington 5, D. C. 20005. 1966. 72pp. Illustrated booklet. Grades 8-12. Free.
We are faced with the necessity of consciously producing game for outdoor recreation. This booklet stresses the system of producing game based on the experience of operation of a model game farm.

136. RECOMMENDED PROCEDURE FOR CARE AND UTILIZATION OF DEER CARCASSES. Arthur M. Mullins, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800.
5pp. High school grades and over. Free.
The hunter will gain much knowledge about cutting, curing, drying or smoking a venison carcass from this booklet. Recipes for cooking venison are also included.

137. SALAMANDERS IN LOUISIANA. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
12pp. Booklet. Grades 6-12. Free.
Contained in these 12 pages is a complete description of the most cold-blooded of the so called cold-blooded animals--the salamander.

138. SHRIMP RESEARCH IN LOUISIANA. Lyle St. Amant, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 6-10. Free.
Contains information on the shrimp industry. Tells about the three species of shrimp and their basic life cycles.

139. SIX QUESTIONS EVERYBODY ASKS AT NATIONAL FISH HATCHERIES. U. S. Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife, Washington, D. C. 20402.
6pp. Illustrated fold-out brochure. Grades 9-12. Free.
Discusses how hatchery fish are bred, what waters are stocked, what the fish are fed, and the purpose of National Fish Hatchery.

140. SNAKE! William Key, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 6-12. Free.
Tells why many individuals have an aversion to snakes. States some interesting facts about snakes.

141. SNAKES CAN KILL! Florida Game and Fresh Water Fish Commission, Information and Education Division, Tallahassee, Florida 32301. 1967. 6pp. Illustrated fold-out brochure. Grades 6-12. Free.
Provides basic information about the poisonous snakes of Florida, the emergency treatment for bites, and other information to bring about a better understanding of snakes.

142. SOMETHING ABOUT FISH, WILDLIFE AND YOU. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402.
2pp. Sheet. Grades 4-12. Free.
Given here are examples of the many responsibilities, programs, and services of the Fish and Wildlife Service to enhance and protect fish and wildlife resources.

143. SOMETHING ABOUT HUNTING. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402.
2pp. Sheet. Grades 4-12. Free.
Written especially for young people to explain what hunting is, why hunting is regulated, and to emphasize good sportsmanship.

144. SOMETHING ABOUT THE SEA. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402.
2pp. Sheet. Grades 4-12. Free.
Gives details about the ocean--its eternal movement, the energy it gives to living things, great depressions and trenches in the oceans, and other fascinating information.

145. SOUND DEER MANAGEMENT. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, Capitol Station, Baton Rouge, Louisiana 70800. 1964.
8pp. Illustrated booklet. Grades 6-12. Free.
Tells how sound deer management can work out successfully, as shown in studies made in Louisiana.

146. SPARK UP YOUR MENUS WITH SCALLOPS. Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800.
6pp. Mimeographed sheets. Grades 6-12. Free.
Includes interesting information on scallops and gives recipes.

147. SPORTS AFIELD. Sports Afield Magazine and The Coleman Company, Inc., Wichita, Kansas 67201. 2pp. Teachers. Free.
Some candid words for those who love young people. An industrialist offers a unique challenge: Conserve our youth with our natural resources.

148. SQUIRREL TALK. J. B. Kidd, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1964.
4pp. Illustrated leaflet. Grades 6-12. Free.
Contains information on the program of trapping and marking of squirrels on the Thistlewaite Game Management Area in St. Landry Parish.

149. STONE THROUGH THE AGES. Louisiana Wild Life and Fisheries Commission, Educational Section, Capitol Station, Baton Rouge, Louisiana 70800.
4pp. Mimeographed sheets. Grades 6-12. Free.
The story of stone is told here and the reasons for its beauty, dignity, and durability.

150. STOP THAT WASTE! McFadden Duffy, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street,

New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 6-12. Free.
The object of the coastal water control program is to educate mineral operators of the necessity for the proper disposition of crude oil, waste oil, sludge, and other waste; and to make continual checks against carelessness, negligence and outright violations.

151. SUN WORSHIPER, THE. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
The differences and similarities between alligators and crocodiles are discussed and reasons are given for confusing the two.

152. SURVIVAL OR SURRENDER...FOR ENDANGERED WILDLIFE. Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. 1965. 16pp. Illustrated booklet. Grades 8-12. Cost: 15¢.
As the numbers of a wildlife species grow fewer, their true value grows greater; for in the few are concentrated all the worth of one small but valuable part of our whole world. An interesting discussion is given on this grave but comprehensive problem.

153. TEN-THOUSAND NEW MARTIN HOUSES. Leslie Lloyd, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 7-12. Free.
Few birds could compare to the martins, for their food consists entirely of insects, consuming serious agricultural pests. Living in large colonies, the martins have become almost entirely dependent upon man-made houses for nesting sites. Habits and habitat of the martin are given, along with details for construction of bird houses for them.

154. THIS IS A PONDFISH HATCHERY. Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. 1963.
8pp. Illustrated fold-out brochure. Grades 8-12. Cost: 5¢.
Describes the operation of pondfish hatcheries--propogation of a culture, food, and distribution.

155. THIS IS A TROUT HATCHERY. U. S. Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife, Washington, D. C. 20402. 1962.
7pp. Illustrated fold-out brochure. Grades 8-12. Free.
Illustrates and describes operations in a trout hatchery--its role, its stocking policy, and other relative information.

156. THIS IS CATAHOULA LAKE. Dewey W. Wills, Louisiana Wildlife and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70804. 1966. 4pp. Illustrated leaflet. Free.
Because of its size, topography, drastic seasonal water fluctations, monotypic plant zones, and general uniformness for the past several thousand years, Catahoula Lake is unique among all lakes in Louisiana and probably in the world. Catahoula Lake is located

in Central Louisiana about twenty miles northeast of Alexandria.

157. THIS WE BELIEVE. National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036.
7pp. Fold-out brochure. Grades 8-12. Free.
States the conservation policy of the National Wildlife Federation--its objectives, its promotion of improved educational methods, pollution control, and other areas relative to conservation.

158. THREATENED!...TENSAS RIVER. McFadden Duffy, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70804. 1964. 8pp. Free.
The Tensas River is in danger of being turned into an unwanted ditch by the U. S. Corps of Engineers. Local residents and the Louisiana Wild Life and Fisheries Commission feel that incalculable damage would be done to fisheries, wildlife and timber resources and that there is no need for the project.

159. TRANQUILIZED DEER. Robert Murry, Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana. 1964.
1 page. Illustrated leaflet. Free.
This leaflet explains briefly the pilot studies in development of the techniques for tranquilizing, capturing and handling deer.

160. TURTLES...TAME AND TRUCULENT. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
12pp. Illustrated booklet. Grades 5-8. Free.
The twenty-one kinds of turtles found in Louisiana, their scientific names, and where they are most likely to be found, are the subjects of this pictorial booklet.

161. U. S. DEPARTMENT OF THE INTERIOR...ORGANIZATION AND FUNCTIONS, 1966-67. U. S. Government Printing Office, Washington, D. C. 20402. 1966.
30pp. Booklet. High school level. Free.
The jurisdiction of the Department of the Interior extends over the continental United States, to islands in the Caribbean and the South Pacific, and to lands within the Artic Circle. The objectives, offices, and organization of the Department are explained in this 30 page informative booklet.

162. VISIT TO A FEDERAL FISH HATCHERY, A. Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. 1954.
8pp. Illustrated booklet. Grades 8-12. Cost: 10¢.
Discusses the activities of a Federal fish hatchery in which rainbow and brown trout are raised.

163. WATERFOWL IDENTIFICATION GUIDE. Regional Office, Bureau of Sport Fisheries and Wildlife, Peachtree-Seventh Building, Atlanta 23, Georgia 30323. 48pp. Illustrated booklet. Grades 8-12. Free.
Stresses the individual's responsibility in aiding agencies in protecting waterfowl populations by proper identification and recovery of bands while hunting. Excellent pictorial aids for identification of many species of ducks are given.

164. WATER POLLUTION...IN THE PAST AND IN THE SIXTIES. Kenneth E. Biglane, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana. 1962.
7pp. Booklet. Free.
This booklet briefly traces the story of the contamination of water by man since early recorded history. It also states what is being done now to help in the water pollution control field.

165. WELCOME! WILDLIFE AGENTS. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 8-12. Free.
As explained in this booklet, natural resources are always benefited by good laws and enforcement of these laws. Setting up various hunting seasons is also discussed.

166. WETLANDS OF THE UNITED STATES. Samuel P. Shaw and C. Gordon Fredine, Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. 1959.
67pp. Illustrated circular. Grades 9-12.
Points out relative values of different types of wetlands to wild game in general and to waterfowl in particular. It locates and describes areas that should be protected and improved to meet the needs of a stable or increasing waterfowl population.

167. WHAT IS CONSERVATION? Florida Game and Fresh Water Fish Commission, Tallahassee, Florida 32301. 1967.
4pp. Illustrated fold-out brochure. Grades 8-12. Free.
Defines conservation and stresses certain aspects such as: protection of natural resources, the balance of nature, pollution, management, predators, etc.

168. WHAT OUR COURTS MUST LEARN...GAME LAWS ARE NO JOKE! Claude D. Kelley, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962. 8pp. Illustrated booklet. Grades 9-12. Free.
The old saying that man is our worst predator has been borne out and, unlike the four-legged predator, cannot be eliminated on the spot. He is entitled to his day in court and often the game violator's day ends with a wink, a smile, or at most a slap on the wrist. Mr. Kelley shows how and why our courts are letting game violators get away with murder.

169. WHAT YOU SHOULD KNOW..ABOUT SHARKS. Ednard Waldo, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
16pp. Illustrated booklet. Grades 6-12. Free.
This booklet describes the many species of sharks, and different methods of shark attacks; also gives pictorial description of the parts of the shark.

170. WHITE IBIS SITUATION IN LOUISIANA, THE. Robert P. Allen, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.

5pp. Fold-out brochure. Illustrated. Grades 8-12. Free.
The Ibis has been charged with causing a great scarcity of crawfish because of its feeding habits. Discussed here are the pros and cons on the subject.

171. WHY HAVE AN ANTERLESS DEER SEASON IN LOUISIANA? Louis Burnett, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963. 8pp. Illustrated booklet. Grades 8-12. Free.
Topics are discussed in this publication that should be known to all hunters, especially those in Louisiana. Something must be done about the growing problem of range depletion and the anterless deer. Read this article to see the seriousness of the anterless deer problem.

172. WHY TEACH CONSERVATION. Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70800.
7pp. Mimeographed sheets. For teachers.
Six basic reasons for teaching conservation to young people are given, along with a discussion of each reason.

173. WHY WOMEN SHOULD BE INTERESTED IN WILDLIFE. Gwen Kirtley Perkins, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963. 8pp. Illustrated booklet. Grades 8-12. Free.
In sharing an interest in wildlife, a woman will find a closer relationship with her children, her community, her state, her nation, and most of all--her husband.

174. WILDLIFE CHECK STATIONS. Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
14pp. Illustrated booklet. Grades 9-12. Free.
To gain knowledge on animal populations, growth and conditions for research purposes, operation of wildlife check stations have been established. These stations are explained within these pages.

175. WILDLIFE EDUCATION. Joe L. Herring, Louisiana Wild Life and Fisheries Commission, Information and Education Division, Capitol Station, Baton Rouge, Louisiana 70804.
7pp. Illustrated booklet. Grades 8-12. Free.
Explained here are ways in which individuals and groups have cooperated in seeing that the "wildlife education" program has gotten underway.

176. WILDLIFE MANAGEMENT INSTITUTE. Wildlife Management Institute, 709 Wire Building, Washington, D. C. 20005.
22pp. Illustrated booklet. Grades 8-12. Free.
A comprehensive insight is given into the Wildlife Management Institute's objectives and contributions to the conservation of our natural resources.

177. WILDLIFE OF COASTAL WATERS. F. H. Farrar, National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036. 1964.

16pp. Illustrated booklet. Grades 8-12. Cost: 10¢.
Some of the mammals, birds, and fish found primarily near and in our coastal waters are described.

178. WILDLIFE OF FARM AND FIELD. John D. Bulger, National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036. 1964.
16pp. Illustrated booklet. Grades 8-12. Cost: 10¢.
Some of the mammals, birds, and fish found primarily near and in our farms and fields are described.

179. WILDLIFE OF FORESTS AND RANGELANDS. William L. Beavley, National Wildlife Federation, 1412 16th Street, N.W., Washington, D. C. 20036. 1964. 16pp. Booklet. Grades 6-12. Cost: 10¢.
Described in this publication are some of the mammals, birds, reptiles, amphibians, and fish found primarily in forests and on the western rangelands.

180. WILDLIFE OF LAKES, STREAMS, AND MARSHES. H. R. Morgan, National Wildlife Federation, 1412 16th Street, N. W., Washington, D. C. 20036. 1964. 16pp. Booklet. Grades 8-12. Cost: 10¢.
Some of the mammals, birds, reptiles, amphibians, and fish found primarily in freshwater lakes, streams, and marshes are described.

181. WILDLIFE RESEARCH: MORE FISH AND GAME. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1964.
8pp. Illustrated booklet. Grades 8-12. Free.
Discusses how research in the wildlife field contributes to more abundant fish and game, to longer seasons and larger limits, and to improved placement of hunting dates.

182. WILDLIFE RESOURCES OF LOUISIANA. Grits Gresham, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1965.
22pp. Illustrated booklet. Grades 8-12. Free.
Louisiana's wildlife resources are as varied as they are vast. By reading about these resources of ours, you will gain an insight into our heritage of wild creatures and an appreciation of the magnitude of the task of the Louisiana Wild Life and Fisheries Commission.

183. WILDLIFE SELF-DEFENSE. Ned Smith, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130.
7pp. Illustrated booklet. Grades 6-12. Free.
Methods of self-defense of wildlife creatures are discussed in this very interesting and informative booklet.

184. WINTER AT THE CHANDELEURS. Percy Viosca, Jr., Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1963.
8pp. Illustrated booklet. Grades 8-12. Free.

A short trip to the Chandeleur Islands--the eastern most possession of the State of Louisiana--can be taken by simply reading this booklet.

185. WOODIES. R. K. Yancey, Louisiana Wild Life and Fisheries Commission, Wild Life and Fisheries Building, 400 Royal Street, New Orleans 16, Louisiana 70130. 1962.
8pp. Illustrated booklet. Grades 6-12. Free.
Life history and management of the wood duck are given, along with illustrations on how to construct wood duck boxes for nesting.

186. YOUR GAME BIOLOGIST. Richard Harlew, Information and Education Division, Florida Game and Fresh Water Fish Commission, Tallahassee, Florida 32301. 1961. 4pp. Illustrated fold-out brochure. Grades 8-12. Free. Defines a game biologist and answers questions relative to his profession.

187. YOUR STAKE IN WETLANDS. Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.
12pp. Illustrated circular. Grades 8-12. Cost: 15¢.
Defines wetlands, illustrates their importance to the individual, and gives information on reduction of loss of wetlands.

188. YOUTH EDUCATION IN CONSERVATION. Ernest Swift, Louisiana Wild Life and Fisheries Commission, Information and Education Division, Capitol Station, Baton Rouge, Louisiana 70800.
5pp. Mimeographed sheets. Grades 6-12. Free.
The need for teaching resource-use conservation education to the youth of America is discussed.

PUBLICATIONS IN SERIES

189. CONSERVATION NOTES. U. S. Department of the Interior, Fish and Wildlife Service, Washington, D. C. 20402.
Well-illustrated leaflets under the title, "Conservation Notes", are published by the Department of the Interior. These leaflets deal with many varied topics, but each topic is concerned primarily with the management, conservation, and development of the Nation's water, fish, wildlife, mineral, forest, and park and recreational resources. Listed below are 19 such topics and a brief annotation of each to aid you in ordering.

a. AMERICA GOES FISHING.
8pp. Illustrated booklet. Grades 8-12. Free.
Fishing in America dates back many thousands of years, and recreational fishing is a great heritage passed on from the first settlers. This booklet tells how fishery management has evolved over a period of years, and how the Federal government has recognized its responsibility for conserving the nation's fishing resources.

b. AMERICAN BUFFALO, THE. 1965.
8pp. Illustrated booklet. Grades 8-12. Free.
The American buffalo came to the North American continent from Asia. As a result of conservation efforts, buffalo herds in the United States and Canada now number 20,000 to 22,000 animals. These and many other facts can be found in this informative booklet.

c. AMERICA'S RARE SEA MAMMALS. 1962.
8pp. Illustrated booklet. Grades 8-12. Free.
Sea mammals are warm-blooded, but their bodies have been changed for life in the sea. The sea otter, once in danger of extinction, is now protected by international treaty. The Pacific walrus, the polar bear, whales, and seals are all discussed in detail.

d. AMERICA'S WILD CHICKENS. 1959.
6pp. Illustrated booklet. Grades 8-12. Free.
Discussed here are some of the species of upland game birds, each adapted to live in one of the many environments afforded them. These birds include the quail, the grouse, the wild turkey, and the chachalaca.

e. BIG BITE, THE. 1965.
8pp. Illustrated booklet. Grades 8-12. Free.
Many species of fish are caught in the Mid-Atlantic region. The centers of abundance of many valuable fish are to be found on the Middle Atlantic Coast, however, the past hundred years have seen great changes in the way fish are caught. A discussion includes the oyster, clam, scallop, crab, lobster, menhaden, porgy, bass, shad, butterfish, cod, and others.

f. BIRD BANDING. 1960.
8pp. Illustrated booklet. Grades 8-12. Free.
Given here is a brief history of bird banding, the purpose of banding, and the way in which birds are banded.

g. BIRDS. 1963.
4pp. Illustrated booklet. Grades 8-12. Free.
Gives relative information about birds, for instance; birds have a common name and a scientific name, they vary in size and weight, they are found almost everywhere, and each has a distinct mind of its own concerning nesting, various dangers, and self-protection.

h. COMMERCIAL FISHERIES OF THE PACIFIC COAST. 1964.
6pp. Illustrated booklet. Grades 8-12. Free.
Discusses the influence of the commercial fisheries on the Pacific coasts. Four general groups of fish support the commercial fisheries of the Pacific Coast: anadromous fish, pelagic fish, groundfish, and a miscellaneous group caught primarily for the fresh-fish market.

i. COMMERCIAL FISHERIES OF THE UNITED STATES. 1964.
8pp. Illustrated booklet. Grades 8-12. Free.
Gives general information about fish. It is concerned specifically with the commercial fish of the United States. Discusses the complicated problems of the fishery conservationist such as learning the "maximum sustainable yield" and "predicting abundance". It also relates the life history, habitat, and research in the commercial fishing industry.

j. DESERT BIGHORN SHEEP. 1966.
8pp. Illustrated booklet. Grades 8-12. Cost: 10¢.
Desert sheep are found in localized areas of primitive ranges. These sheep are highly desirable game animals and to keep them from becoming extinct, four areas were established by the government for their preservation.

k. MIGRATION OF BIRDS, THE. 1962.
8pp. Illustrated booklet. Grades 8-12. Free.
This booklet shows that the migration of birds is the regular movement between summer and winter homes. It is possible to see migrating birds almost every month of the year. An interesting fact about the migration of birds is that they find their way by observing the position of the sun and the stars.

l. NEW ENGLAND'S COMMERCIAL FISHERIES.
8pp. Illustrated booklet. Grades 8-12. Free.
The New England fisheries were America's first commerical enterprise. This booklet discusses the important place these fisheries hold in the New England economy.

m. PRONGHORN ANTELOPE. 1966.
8pp. Illustrated booklet. Grades 8-12. Free.
The pronghorn antelope, strictly a North American animal, was nearly destroyed by the settlement of the west. In the early thirties a National Game Range and two National Refuges were created. Antelope today may number 300,000.

n. PROTECTING OUR ENDANGERED BIRDS. 1959.
6pp. Illustrated booklet. Grades 8-12. Free.
Discusses the causes of extinction of a species, lists some birds in danger of disappearing, and discusses what can be done to protect our rare birds.

o. SEA, THE. 1962.
8pp. Illustrated booklet. Grades 8-12. Free.
Oceanographers study the sea and in doing so have discovered the Continental Shelves, that mountains and valleys exist in the sea, and that currents flow through the oceans. Products of the sea, the sea as a source of power, and research in this field are topics discussed.

p. SEAWEEDS ARE NOT WEEDS. 1962.
6pp. Illustrated booklet. Grades 8-12. Free.
This booklet explains that seaweeds are not really weeds, but

marine algae--very useful plants. Seaweeds belonging to the brown and red algae are the most important commercially, and the products available from them are discussed.

q. SNAKES. 1960.
8pp. Illustrated booklet. Grades 8-12. Free.
Discussed and illustrated are: the various methods by which snakes kill their prey, hibernation, reproduction, enemies and defense, and the poisonous snakes of the United States.

r. TEXAS LONGHORN, THE.
8pp. Illustrated booklet. Grades 8-12. Free.
This booklet tells how the Texas Longhorn dates back to black fighting bulls in Spain. The Longhorn is tolerant of people, although when aroused, can be dangerous. The true Longhorn is big, rawboned, and rangy and today over 600 Longhorns are on Federal Refugees.

s. TRAPPING TIPS FOR YOUNG TRAPPERS. 1965.
12pp. Illustrated booklet. Grades 8-12. Free.
Gives basic rules for a trapper, the setting and care of traps, baits and lures, and gives some of the more common methods of trapping fur animals.

177. LOUISIANA WILDLIFE SCRAPBOOK. Sidney A. Gauthreaux, Jr., Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70804.
Illustrated leaflets. Grades 5-12. Free.
Descriptions of Louisiana's most prominent birds and animals are contained in this unique and informative series. Each topic is thoroughly discussed, covering such characteristics as color, length, weight, voice, habitat, home, food, reproduction, and even measurements of foot tracks. Vivid illustrations accompany each topic--an almost positive guarantee for student involvement. The Louisiana Wildlife Scrapbook series is certainly a supplement well worth obtaining. Listed below are sample titles:

a. BLUEGILL SUNFISH
b. BOBWHITE
c. EASTERN COTTONTAIL RABBIT
d. FLYING SQUIRREL
e. GRAY FOX
f. LARGE-MOUTH BASS
g. MOURNING DOVE
h. MUSKRAT
i. RACCOON
j. SPOTTED WEAKFISH
k. WILD TURKEY

178. PAMPHLETS FROM THE DEFENDERS OF WILDLIFE. The Defenders of Wildlife, 809 Dupont Circle Building, Washington, D. C. Free.
Educational pamplets in defense of wildlife. Titles include the following:

a. ARE WILD ANIMALS REALLY WILD? 1960
b. THE CASE FOR THE COYOTE. 1965.
c. THE COYOTE: WORLD'S CHAMPION PEOPLE TAUNTER. 1961.
d. EAGLES AND OUR RUINED GRASSLAND. 1962.
e. THE FATE OF THE PREDATOR--TO BE..OR NOT TO BE ALIVE. 1965.
f. A GUIDE FOR THE REMOVAL OF WILDLIFE BOUNTIES. 1966.
g. MOOSE...OUR LARGEST DEER. 1961.
h. NEVER SHOOT AN OWL. 1959.
i. OUR VANISHING WILDERNESS MUST BE SAVED. 1961.
j. WOLF. 1957.
k. REFLECTIONS ON THE DEATH OF AN ELEPHANT. 1967.
l. WOLVES AND MEN IN NORTH AMERICA. 1967.

179. PUBLICATIONS AVAILABLE FREE OF CHARGE FROM THE LOUISIANA WILD LIFE AND FISHERIES COMMISSION.

Louisiana Wild Life and Fisheries Commission, Capitol Station, Baton Rouge, Louisiana 70804.

This is a listing of 98 publications that are free of charge when one copy is requested. Also included is a list of mimeographed matter and a miscellaneous list of additional material. Addresses, other than the Wild Life and Fisheries address in Baton Rouge, are given for speedier return.
